About the game

The story begins when a great evil is awakened by a dark cult who threatens to destroy the balance of nature. Our hero is **Furwind**, a little fox, he is the chosen to restore balance to the world.

Through the game, Furwind will get **new powers** to help him in his journey. These powers are acquired after beating the tests imposed by the ancients he discovers in his path. In the shamanic trip needed to obtain each power, our protagonist will

suffer a **nightmare** where he must advance without stopping, being chased by a dark and terrible mist.

Furwind can use his powers at any moment but they are no infinite, he can refill them in a shop after each stage exchanging gems that are find through the different levels.

As a platform game, Furwind evoke classics like Rayman and Mario. Far from common action-shooting titles, Furwind tries to recover gameplay of games from the past but with a unique visual style. This game pretends to challenge the player trough levels full of enemies and traps testing his skill and timing.

BOOMFIRE GAMES

About us

"**BoomfireGames**" is an indie game design studio located in Cordova (Spain) that was

born on September 2015. Our staff crew is composed by 5 members that are working

everyday to make "**Furwind**" a reality.

What do we do?

Nowadays, we are focused on "indie" games development to amuse and entertain our

public. On December 2015, we published "Kick or Die, a video game for mobile devices

(Android and iOS) that had a great answer from the users.

Our Vision:

We want to become a quality standard in the game development field not just in Cordova, but in Spain, creating amazing experiences with unique styles, with the essence of the old classics and the aesthetics and mechanics of today, and we know we

achieved it with **Furwind and Kick Or Die.**
